SUMMARY

Dynamic Fullstack Engineer with over 8 years of comprehensive experience in software development across frontend and backend technologies. Proficient in Angular, TypeScript, and backend development with Python, possessing a strong foundation in building scalable applications.

TECHNICAL SKILLS

- **Frontend:** Angular, Vue.js, Vuex, React, Redux, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Tailwind CSS, CapacitorJS
 - **UI/UX:** Responsive Design, Component-based Architecture, Design Systems, Accessibility (WCAG), Storybook
 - **Testing:** Jest, React Testing Library, Cypress, Jasmine
 - **Build Tools:** Nx, Webpack, Vite, Yarn, npm
 - **APIs:** RESTful APIs, GraphQL
 - **Backend:** Node.js, LoopBack, Python, Django, Java, Spring Boot
 - **DevOps:** Git, GitLab, Bitbucket, Jenkins, Docker, Azure DevOps, Kubernetes, Firebase
 - **Methodologies:** Agile (Scrum, Kanban), CI/CD, Code Reviews, Pair Programming
-

PROFESSIONAL EXPERIENCE

Software Development Team Lead

Accenture - Bengaluru, India

July 2025 - Present

Developer

Camelot ITLab(Acquired by Accenture) - Mannheim, Germany / Bengaluru, India

Sep 2021 - June 2025

- Migrated legacy SAP UI5 application, improving development speed and maintainability.
- Built and maintained multiple Angular components, reducing UI implementation time.
- Improved load times by 10% via lazy loading, dynamic imports, and code splitting.
- Built Rx-Angular-based state management, enhancing application performance and structure.
- Achieved 90%+ unit test coverage with Jest and Testing Library, decreasing regression bugs by 35%.
- Integrated REST and GraphQL APIs to deliver seamless full-stack features.
- Mentored juniors by briefing them about their tasks and helping them code through pair-programming sessions.

Frontend Development Intern

Dynamaze - Cologne, Germany

Nov 2020 - Jan 2021

- Developed modular Vue.js components for a Nuxt application, enhancing performance and UX by optimizing SCSS and asynchronous rendering.
- Built Cypress-based E2E test suites that identified and resolved multiple defects.
- Deployed cross-platform mobile apps using Capacitor JS, expanding accessibility across devices.

Web Development Intern

Magazino - Munich, Germany

Mar 2020 - Sep 2020

- Developed a Vue-based dashboard for robotic system demos, streamlining sales workflows.
- Integrated WebSockets for real-time fleet monitoring, increasing operational awareness.
- Refactored UI logic, reducing DOM rendering time by 40% and improving responsiveness.

Senior Developer

Barclays Global Service Center - Pune, India

Mar 2015 - Feb 2019

- Developed scalable UI modules for Barclays iPortal, supporting many enterprises with finance management.
- Created a reusable Angular component library, cutting development duplication by 50%.
- Enhanced platform accessibility and mobile responsiveness in accordance with WCAG standards.
- Collaborated in Agile sprints to integrate REST APIs with Spring and migrated code to Docker-based environments.

EDUCATION

Master's in Engineering, Software Engineering for Industrial Applications

Hof University of Applied Sciences - Hof, Germany, 2021

Post Graduate Diploma, Advanced Computing

Sunbeam Institute of Information Technology - Pune, India, 2015

Bachelor of Engineering, Computer Science

Visvesvaraya Technological University - Belgaum, India, 2014
